Why Barton?

- Two-year degree program – trained and ready for the workforce.
- Fun, challenging, and innovative program.
- Up-to-date technology in the classroom.
- Courses are taught using hands-on approach to learning the latest technology.
- Instructors build relationships with students and are aware of their learning goals.
- Local Area Network parties allow for interaction with other students with similar interests.
- Field trips and real world experiences.
- Hands-on opportunity to actually build a computer from scratch.
- Flexible class schedule allowing time for part time jobs or internships.
- Small classes allowing for 1 on 1 attention.

Occupational Outlook for Networking:

- Growth in computer support specialist jobs will be about as fast as the average, while growth in network and computer system administrator jobs will be much faster than average.
- There are many paths of entry to these occupations. Job prospects should be best for college graduates with relevant skills and experience; certifications and practical experience are essential for people without degrees.
(Kansas Career Pipeline)
- Successful establishment and maintenance of information technology infrastructure is critical to the success of almost every 21st century organization.
- People with expertise in Network Systems are in high demand for a variety of positions in organizations of all sizes and types. *(Kansas Career Pipeline)*
- Average earnings of wage-and-salary computer support specialist were \$40,270 in 2008.
(Kansas Department of Labor)
